Gentlemen I am referred to you to procure American gold dollars I have calls for them for Charms & ornaments. Can you furnish me 25 or more — the large size preferred though some of both sizes might do. I know there is a Prem but wish you to cut the Prem small as possible so we can both have a little chance I must sell them at as low a price as other dealers furnish them and I must send draft

on New York for them some days before I can use them,

Please make price as reasonable as it is possible to do,

Yours Very truly

W. L. Taylor
